Grauer and Weil (I) Ltd receives esteemed AS 9100 certification

GRAUER and Weil (India) Limited, pioneers and market leaders in Electroplating Chemicals and Metal Finishing Industry, has been awarded with the coveted **AS9100 Aerospace Certification**. In India, Grauer and Weil (India) Limited becomes the first chemical and paint company to receive the most prestigious accreditation globally.

With a rich legacy of almost six decades, Grauer and Weil (India) Limited is a formidable force that has been offering a diverse product bouquet including chemicals for electroplating, anodising, phosphating, pre-treatment and topcoats, engineering plants, effluent treatment and waste recovery systems, industrial lubricants, high performance protective paints and coatings for the automotive, oil & gas and marine industry.

AS9100 is an aerospace standard based on the ISO 9001 quality system requirements. It takes the ISO 9001 requirements and supplements them with additional quality system requirements, which are established by the aerospace industry in order to satisfy DOD, NASA and FAA quality requirements. The certification now puts Grauer and Weil (India) Limited in the elite group of companies adhering to international quality standards that offer services to marquee aerospace companies.

Expressing his satisfaction about the certification, Mr. Vinod Haritwal, CEO, Grauer and Weil (India) Limited said, "We are happy to have received the AS9100 certification and are all set to put our best foot forward to meet customer requirements. This has opened up new avenues and opportunities for us and we are eager to offer state-of-the-art assistance to customers looking for a partner. With the certification, we can now approach parts manufacturers of the aerospace industry for business which is expected to grow in India in the near future."

With its corporate office headquartered in Mumbai, Grauer and Weil (India) Limited has manufacturing plants with state-of-the-art equipment in different parts of the country – two in Dadra Nagar Haveli, one each in Vapi, Alandi, Chembur and one each in Barotiwala and Jammu in North India.
