## Grauer & Weil (India) Ltd showcases specialised Aero & Defence products at ADMS 2019

**CLIENT :** Grauer & Weil (India) Limited.

**TECHNOLOGIES :** Defence

**SERVICES :** To offer Indian companies the chance to collaborate with global partners for technology transfer and business expansion.

**Bengaluru, August :** Grauer & Weil (India) Ltd displayed a host of specialised products and services from its repertoire at the **Aerospace & Defence Manufacturing Show 2019 (ADMS)** held on **August 22 and 23 in Bengaluru**. This is the first time the company participated in the Expo.

Grauer & Weil (India) Ltd offers a wide range of specialised products suiting the needs of the **aero and defence industry**. With the use of latest and **state-of-the-art technologies**, the products are designed to give high performance and provide cost effective solutions conforming to **GOST Spec, BS standard and MIL Standard**.

**ADMS 2019** is organised by Aeromag Asia in association with **Hindustan Aeronautics Limited (HAL)** and **Society of Indian Aerospace Technologies and Industries (SIATI)**. It is one of India's leading exhibitions that gives a platform to Indian companies to display their latest technologies and manufacturing capabilities in the Aero and Defence space. ADMS is known to offer Indian companies the chance to collaborate with global partners for technology transfer and business expansion. The exhibition offers a platform to create new business opportunities and build business collaborations with foreign partners.

**Grauer & Weil (I) Ltd currently supplies specialised paint products for missiles like Brahmos Pinaka Rocket, HAL for Sukhoi, MIG 21, MI 17 etc.** The company has also recently started exporting paints to African countries in Protective coating segments, but its focus continues to be on the Indian market. Through its participation in the ADMS Expo, the company is expecting a good response from domestic as well as international consumers in the Aero & Defence industry.

Grauer and Weil (India) is the first chemical and paint company to have received the prestigious **AS9100 Aerospace Certification accreditation**. In 2016, the company that is considered pioneers and **market leaders in Electroplating Chemicals and Metal Finishing Industry, was awarded the coveted certification**. AS9100 is an aerospace standard based on the ISO 9001 quality system requirements. The certification now puts Grauer and Weil (I) Ltd in the elite group of companies adhering to international quality standards that offer services to marquee aerospace companies.

Grauer and Weil (I) Ltd develops all its products catering to the aerospace industry inhouse and is a front runner in the government's ambitious **'Make in India'** mission. Along with its current product line, the company also has various new products which are under development at its R&D for the defense and **OEM industry**. Company has also entered into High quality Marine paints segment through its association with Transocean, Netherland and is also planning to enter Automotive re-finishes through International technical tie-ups.

*Speaking about G&W's participation in the expo, **Mr. Sujit Sinha, President-Paint Division, Grauer & Weil (India) Ltd**, said, "We are thrilled to be a part of this expo because ADMS India is one of the biggest platforms for stakeholders from the Aero & Defence industry to exchange knowledge and create business opportunities. It has provided great visibility for the company and our expertise in this field and we were able to reach out to global as well as domestic players. There have been ample networking opportunities and we could also share our expertise with others."*
