Subj.: Submission of newspaper publication under Regulation 47 of SEBI (LODR) Regulations, 2015

Dear Sir/Madam,

With reference to the above mentioned subject and Pursuant to Regulation 47 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find attached herewith Copy of the Publication of the Unaudited Financial Results of the Company for the Quarter ended 31st December, 2025, as approved by the Board in their Meeting held on 13th February, 2026, in the newspapers viz. Economic Times in English and Maharashtra Times in Marathi language, on 14th February, 2026.

Kindly take the same on the records and acknowledge the receipt.

Thanking you

Yours faithfully,

FOR GRAUER & WEIL (INDIA) LIMITED

CHINTAN K. GANDHI
COMPANY SECRETARY

(MEMBERSHIP NO. – A21369)

Infy Rolls Out 85% Average Q3 Bonus

Tech major's staff to get bonus with February salary

By KR Balasubramanyam

Bengaluru: Infosys on Friday announced an average 85% organisation-wide performance bonus payout for the quarter ended December, lifting employee sentiments on a day the technology stocks took a heavy beating on the bourses on fears of artificial intelligence (AI) automating most IT tasks.

"This will hopefully build a positive momentum for the sector," an employee told ET. The higher payout comes on the back of a quarter of good business performance and deal wins. The bonus will be paid along with the February salary, Infosys said in an email to employees.

A second employee told ET he got a 15% higher sum than the previous quarter, adding that some of his colleagues got as high as 100%.

At an individual level, employees have received between 75% and 100%, people briefed on the subject said. "This is not only the best so far in the financial year 2025-26, but better than any quarter in the last fiscal year," one of them said. Infosys did not respond to an email requesting details.

Chief human resources officer (CHRO) Shaji Mathew had informed employees at a town hall meeting last month that they may get a better variable pay (performance bonus) this time than before. Infosys has about 325,000 employees on its rolls. The software major had handed an average of

GOOD SHOW

Higher payout comes on the back of a quarter of good business performance and deal wins

75% of their target bonus to eligible employees for the July-September quarter. Sections of employees ET spoke to said they are hoping for similar good news on the pay raise from the company. Infosys released employee-wise ratings in December, after completing the appraisal for the period from November 2024 to October 2025.

Infosys, announcing its third quarter results in January, raised its revenue forecast as the management sounded bullish after what it called a strong performance, sensing a favourable tailwind.

Days ahead of the town hall meeting, several employees had sent in queries related to pay increases including when they can expect communication about it.

The software giant released salary revision letters to its employees in February last year with a raise of between 5% and 8% to most of them depending on their performance ratings, according to an ET report.

Ola Electric Q3 Revenue Down 55% to ₹47cr

Our Bureau

GOING AHEAD

Co says it will reduce its operating expenses to ₹250-300 cr in a few quarters

New Delhi: Electric two-wheeler manufacturer Ola Electric on Friday reported a 55% YoY drop in its operating revenue for the third quarter to ₹47 crore as its sales remained under pressure. Its net loss narrowed 14% from a year earlier to ₹87 crore, though it widened from ₹18 crore in the previous quarter. Q3 FY26 marks a structural reset for Ola Electric, the Bengaluru-based firm said in a statement. "As EV penetration growth has slowed and our service execution has required strengthening, we chose to realign our retail footprint, cost structure, and operating model to a sustainable steady state by fixing the fundamentals and not optimising for short-term volume. The result is a structurally lower volume breakeven business with significantly improved operating leverage."

The company said it would reduce its operating expenses to ₹250-300 crore in a few quarters, down from ₹82 crore in the third quarter. "Approximately 85-90% of our consolidated opex is fixed, with only 10-15% variable. Beyond the breakeven threshold, incremental volumes translate into strong margin flow-through. With the current footprint, we can scale to 3-4X (our) current volumes with only incremental increases in fixed costs, un-

locking significant operating leverage as demand recovers," Ola Electric said in a letter to shareholders.

The review and sales came in lower than analyst estimates. Brokerage Kotak Institutional Equities had expected its revenue to drop 54% on-year to ₹80 crore due to a 58% decline in volumes.

Kotak had estimated a 4% increase in the average selling price (ASP) due to higher accruals from the government's production-linked incentive (PLI) scheme and higher share of motorcycles in the product mix. The company reported a 15% year-on-year (YoY) increase in its ASP. Its gross margin, however, dropped 61% YoY to 32.68% in the December quarter. Ola Electric has been seeing a steady fall in its market share. Its listed new-age rival Ather Energy reported a 50% YoY rise in operating revenue for the December quarter, its highest-ever quarterly operating revenue, aided by strong festive demand and higher sales.

KLA, Tamil Nadu Govt Ink Pact for ₹3.6k-cr Chennai R&D Campus

Our Bureau

Chennai: Semiconductor process control and process-enabling technology player KLA Corporation on Friday said it had signed a Memorandum of Understanding (MoU) with the government of Tamil Nadu to establish a new research & development (R&D) and innovation campus in Chennai. As part of the agreement, it intends to invest up to ₹3,600 crore over the next decade, KLA said. ET was the first to report on Nov 3 that the American wafer fab equipment maker

was in talks with the Tamil Nadu government to set up an R&D centre in the city. "India has been a critical part of KLA's global growth story for over two decades," Dominic David, president, KLA India said in a statement. "This MoU continues our long-term vision to scale India as a global centre for AI and software-enabled R&D capabilities, strengthen collaboration across global teams, and provide broader support to customers."
